Development *Department.*

Sir,

Remind for 5560/43 — (P)

In accordance with the sanction conveyed in G.O.No.Mis. 661 Development dated 26-3-1942, standard IV has been opened in the Fisheries school at Kesarkodi with effect from 1-6-1942. The District Educational Officer, South Kanara while restoring recognition of the school, has stated that steps should be taken to open standard V in June 1943, vide copy of his letter Rc.No. 523-D/41 dated 16-6-1942 enclosed.

2. The present strength of classes in the school is as follows:-

Standard.	Boys	Girls.	Total.
I	14	4	18
II	8	9	17
III	15	14	29
IV	25	13	38
	62	40	102

p.t.o

The strength of classes in the event of the opening of standard V in 1943 is expected to be as follows:-

Standard.	Boys.	Girls.	Total.	
I	10	5	15	1
II	12	4	16	
III	10	10	20	2
IV	16	10	26	3
V	20	5	25	4
	68	34	102	

Though the total strength of the school after the opening of the V standard may remain the same as at present the existing staff of three teachers will not be sufficient. Standards I & II can be combined but standards III to V will require separate teachers. Thus the employment of a fourth teacher is essential. According to rule 12 (3) of the rules for recognition issued in G.O.No.1903 Education dated 21-8-1939 a school with standard V as the highest and having four or more teachers should have a Headmaster holding a trained teacher's certificate of the secondary grade. Hence the post of additional teacher to be sanc-tioned for the purpose of opening standard V should be of the secondary grade.

3. In the circumstances, I request that the proposal to open standard V in the Kesarkodi school and appoint an additional teacher of the secondary grade may be treated as a part II scheme for 1943-44.

4. The additional expenditure involved in the proposal in 1943-44 will be as follows:-

(1) Pay of a secondary grade teacher for 9 months from June 1943 to February 1944 at Rs.30/- p.m.	Rs	270
(2) Increase in Headmaster's special pay.		9
(3) Additional furniture etc.		71
Total.		350

5. Since the District Educational Officer may again withdraw the recognition of the school unless standard V is opened in June 1943, the proposal satisfies the standard of imperative and immediate necessity.

C. 21297/42 Opening of Standard V.

From the D. Dte. no. 2326FC/42-1 dt 19.8.42

To D.s

F

The policy of the Govt. in elementary education is that every incomplete school with four standards or less should be made a complete school with five standards, if it is to contribute permanent literates to the population. The fisheries school at Kesavkodi has at present four standards with 3 teachers. 5th standard, V, was opened in June 1942. The D.E.O., South Kanara, has stated that standard V should be opened in June 1943; otherwise he is likely to withdraw the recognition of the school. The D. Dte. recommends the opening of standard V in June 1943 and the employment of an additional teacher of the Secondary Grade. The expenditure involved in 1943-44 is shown at A on p 2 of

For orders whether Standard V may be opened in June 1943 and an additional teacher of the Secondary grade employed till 31.3.44 in the first instance. The proposal may be treated as a part II Scheme for 1943-44 and the remarks of Fin. may be invited.

four Standards with three teachers. Standard V was opened in June 1942. At the instance of the educational authorities the D.E.O. Bhadrachalam ordered the opening of Standard V in June 1943 and the employment of an additional teacher of the Secondary Grade. The statement showing the Standard-wise strength present and anticipated is appended. This Department supports the Director's proposal to make the School Complete. But the employment of the additional teacher will be sanctioned only till 31.3.44 with the first batch of entrants. The inclusion of Rs. 400 in the B.E of 1943-44 is accordingly recommended.
